Dear Eric:

I would like you to know that we continue to be very impressed with the Pack-A-Drum trash compactors. During the three years we have been using your compactors in our KFC and Wendy's restaurants, we have been able to reduce the number of days trash is picked up at our restaurants. This has allowed us to save thousands of dollars for our company.

The restaurant managers and supervisors like the fact that the machines are manual, easy to use, and require little training to operate.

I would highly recommend the Pack-A-Drum to anyone interested in saving bottom line dollars and improve sanitation. Please feel free to have any potential customers call me to discuss the many benefits the system has to offer.

Sincerely,
JEM Restaurant Management Corp.
